

**Consórcio de BioEducação: Universidade Lúrio, Universidade Zambeze, Instituto Superior Politécnico de Manica e Parque Nacional da Gorongosa  
Curso de Mestrado em Biologia de conservação**

**Memorandum of understanding between master's thesis advisor and master's student**

By agreeing to advise \_\_\_\_\_ in her/his master's research and thesis writing, I commit to the following:

- To be in monthly contact with my advisee, either through email or a conversation
- To reply in a timely manner to my student's requests for advice or assistance
- To read and edit my student's thesis, returning comments in accordance with the master's program calendar
- To help form my student's thesis committee, consisting of myself, the director of the Master's Program in Conservation Biology, and a member of the consortium with expertise in the student's area of research. External committee members may also be invited if more specialists would benefit the student
- To support my student in the process of publishing her/his thesis work in a peer-reviewed journal

By agreeing to be advised by \_\_\_\_\_ in my master's research and thesis writing, I commit to the following:

- To be in monthly contact with my advisor, either through email or a conversation
- To communicate clearly with my advisor, responding to questions and comments in a timely manner
- To meet all deadlines set by the master's program and my advisor
- To strive for excellence in my work and communication
